

I support media diversity

I am writing to you today to comment on Docket No. 02-277, The Biennial Review of the FCC's broadcast media ownership rules. Members of Congress say their constituents don't seem concerned about deregulation and consolidation. This corruption of the airwaves by the FCC and the lobbyists have kept all information they possibly from the public. Americans are outraged and I believe some rethinking needs to take place. The FCC is giving in to an industry it is suppose to regulate!

As it stands now, I have been reading International papers on the internet. You can no longer believe a word printed or said in this country. It is unbelievable to think this could be happening in our land of the free, or used to be free.

The FCC, media moguls, lobbyists, and Congress should all hang their heads in shame and begin the process of thinking clearly.

Sincerely,

Sharon K Carter
